

Introducing Beekeeping B 10 Questionnaire.

Thank you for coming, we hope the weekend has been useful.

Please provide us with some feedback and your thoughts on how we can modify, develop or improve the course.

	1=grotty	5=very good	1	2	3	4	5
How well has the course met your learning needs?							✓
Comments: <i>Excellent exactly what I needed.</i>							
Was the information presented well and clearly?							✓
Comments:							
Do you feel the weekend provided value for money?							✓
Comments: <i>Great food alongside effective learning!</i>							
Is the balance between PowerPoint learning & practical hands on about right given that you do have to learn the boring bits?							✓
Comments: <i>I think the balance on Sunday was just right compared to your previous feedback.</i>							

What do you need next? (Apart from some bees) – e.g. a mentor, a more advanced course or learning day?

A consolidation day would be great.

What are your thoughts about the Friday evening? We have used the same format here as the residential courses we run but of course you have had to come each day. We felt the Friday would offer a social event and allow people to settle in before a fairly packed weekend. Was it useful or did it feel unnecessary?

A great idea, keep doing it.

What did you enjoy most?

The practical bits and doing the hive inspection.

Least?

Sorry, can't think of one!

How did you hear about our courses?

Peter Hutton, previous attendee.

Any other comments (PTO if necessary)?

Introducing Beekeeping B10 Questionnaire.

How well has the course met your learning needs?							✓
Comments: Completely. I confess to being a little confused about a few things + doubt I will remember it all, but that's down to me - I need to put all this into practice.							
Was the information presented well and clearly?							✓
Comments: Really good - I think you've done this before!							
Do you feel the weekend provided value for money?							✓
Comments: Absolutely - and the food is <u>great</u> . And thanks very much for inviting Anne.							
Is the balance between PowerPoint learning & practical hands on about right given that you do have to learn the boring bits?							✓
Comments: Yes - more 'hands on' is always better, but as you say there is theory to be learned. Actually, the PowerPoint was quite acceptable!							

What do you need next? (Apart from some bees) – e.g. a mentor, a more advanced course or learning day? A mentor, I suspect - once I'm in a position to dive in!

What are your thoughts about the Friday evening? We have used the same format here as the residential courses we run but of course you have had to come each day. We felt the Friday would offer a social event and allow people to settle in before a fairly packed weekend. Was it useful or did it feel unnecessary?

Easy for me, of course, but it's actually a really great way to break the ice + get everyone prepared so we can hit the ground running on Sunday.

What did you enjoy most? Getting into the hive and actually seeing what goes on

Least? Nothing springs to mind - honestly

How did you hear about our courses? Through you! :)

Any other comments (PTO if necessary)?

Really good course. I have not sugarcoated the pill here - this course does exactly what it sets out to do. And you two can instruct!

Lan

Introducing Beekeeping Bio Questionnaire.

Thank you for coming, we hope the weekend has been useful.

Please provide us with some feedback and your thoughts on how we can modify, develop or improve the course.

	1=grotty	5=very good	1	2	3	4	5
How well has the course met your learning needs?							✓
Comments: Enjoyed the fact that we worked from the basics without assuming that people have some level of previous experience.							
Was the information presented well and clearly?							✓
Comments: Superb! Great resources, well set up, good presentations, clearly put over without blinding us with science.							
Do you feel the weekend provided value for money?							✓
Comments: Excellent food, handouts, full days but with enough breaks to help maintain interest & continuity.							
Is the balance between PowerPoint learning & practical hands on about right given that you do have to learn the boring bits?							✓
Comments: Excellent balance throughout - could have stayed with the bees all day!!							

What do you need next? (Apart from some bees) – e.g. a mentor, a more advanced course or learning day?

Our own house with a garden or lawn big enough. I'm going to keep learning and reading until the time I can get my own bees.

What are your thoughts about the Friday evening? We have used the same format here as the residential courses we run but of course you have had to come each day. We felt the Friday would offer a social event and allow people to settle in before a fairly packed weekend. Was it useful or did it feel unnecessary?

Friday was great and a good opportunity for everyone to get to relax and know each other.

What did you enjoy most?

Handling the bees! - then using the smoker!!

Least?

Loved it all

How did you hear about our courses?

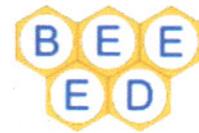

- My husband found the course so not sure.

Any other comments (PTO if necessary)?

Probably the best course of anything that I have attended. Thank you for being so inspirational - loved the whole thing.
Cheers, Sue x

Introducing Beekeeping B10 Questionnaire.

Thank you for coming, we hope the weekend has been useful.

Please provide us with some feedback and your thoughts on how we can modify, develop or improve the course.

	1=grotty	5=very good	1	2	3	4	5
How well has the course met your learning needs?						✓	
Comments: LOTS OF VALUABLE INFORMATION. ANSWERED A LOT OF OUR QUESTIONS.							
Was the information presented well and clearly?							✓
Comments: GOOD TO HAVE 2 TEACHERS WITH A SMALL GROUP.							
Do you feel the weekend provided value for money?							✓
Comments: FANTASTIC!							
Is the balance between PowerPoint learning & practical hands on about right given that you do have to learn the boring bits?							
Comments: PRACTICAL PARTS DO HELP BREAK UP THE DAYS, AS THEY CAN BE LONG - A LOT TO TAKE IN.							

What do you need next? (Apart from some bees) – e.g. a mentor, a more advanced course or learning day?

WORK WITH OUR OWN HIVES. A MENTOR - ONLINE WOULD BE O.K!

What are your thoughts about the Friday evening? We have used the same format here as the residential courses we run but of course you have had to come each day. We felt the Friday would offer a social event and allow people to settle in before a fairly packed weekend. Was it useful or did it feel unnecessary?

GOOD ICE-BREAKER. HONEY → MEAD GETS PEOPLE IN THE MOOD.

What did you enjoy most?

'GETTING HANDS DIRTY' IN THE HIVE - AMAZING!

Least?

QUIZ.

How did you hear about our courses?

LOOKED ONLINE.

Any other comments (PTO if necessary)?

GREAT COURSE + CONTENT. EXCELLENT FOOD.

GOOD TEACHERS. RELAXED STYLE OF LEARNING.

VARIATION BREAKS UP THE DAY.

Introducing Beekeeping B10 Questionnaire.

Thank you for coming, we hope the weekend has been useful.

Please provide us with some feedback and your thoughts on how we can modify, develop or improve the course.

	1=grotty	5=very good	1	2	3	4	5
How well has the course met your learning needs?						✓	
Comments: As much practical work at the hives as possible is really useful. Some individual lessons on riting a hive would be be useful.							
Was the information presented well and clearly?							✓
Comments: Great handouts & slides. V. good to have revision type sessions.							
Do you feel the weekend provided value for money?							✓
Comments: Absolute bargain, thank you!							
Is the balance between PowerPoint learning & practical hands on about right given that you do have to learn the boring bits?							✓
Comments:							

What do you need next? (Apart from some bees) – e.g. a mentor, a more advanced course or learning day?

Practice with our own bees and a mentor.

Maybe a further course in the future. To join a local group

What are your thoughts about the Friday evening? We have used the same format here as the residential courses we run but of course you have had to come each day. We felt the Friday would offer a social event and allow people to settle in before a fairly packed weekend.

Was it useful or did it feel unnecessary?

Very useful and a nice start to the weekend (although I did not have to travel for each day).

What did you enjoy most?

Visit to the hives.

Least?

Quiz.

How did you hear about our courses?

Internet search.

Any other comments (PTO if necessary)?

Wonderful food- thank you for special options!

Good student to teacher ratio and a nice sized group.

Felt like a good range of topics covered at an appropriate level of detail.

Introducing Beekeeping Questionnaire.

	1=grotty	5=very good	1	2	3	4	5
How well has the course met your learning needs?							✓
Comments: <i>Very good. Useful to have done some reading first.</i>							
Was the information presented well and clearly?							✓
Comments: <i>Yes. Sometimes a bit confusing, but that is only to be expected!</i>							
Do you feel the weekend provided value for money?							✓
Comments: <i>Never been on a similar course, so difficult to make a value judgement.</i>							
Is the balance between PowerPoint learning & practical hands on about right given that you do have to learn the boring bits?					✓		
Comments: <i>A bit less sitting, particularly after your food.</i>							

What do you need next? (Apart from some bees) – e.g. a mentor, a more advanced course or learning day?

A mentor, a visit, some bees, a more advanced course.

What are your thoughts about the Friday evening? We have used the same format here as the residential courses we run but of course you have had to come each day. We felt the Friday would offer a social event and allow people to settle in before a fairly packed weekend. Was it useful or did it feel unnecessary?

Very useful to get to know everybody.

What did you enjoy most? *The bees.*

Least? *The diseases.*

How did you hear about our courses? *Looked up Medal Beekeepers on Google.*
